About Interact

Interact was formed in Nottingham in 1977 to provide a forum for like-minded senior property professionals to build strong relationships through the sharing of knowledge, ideas and opportunities.

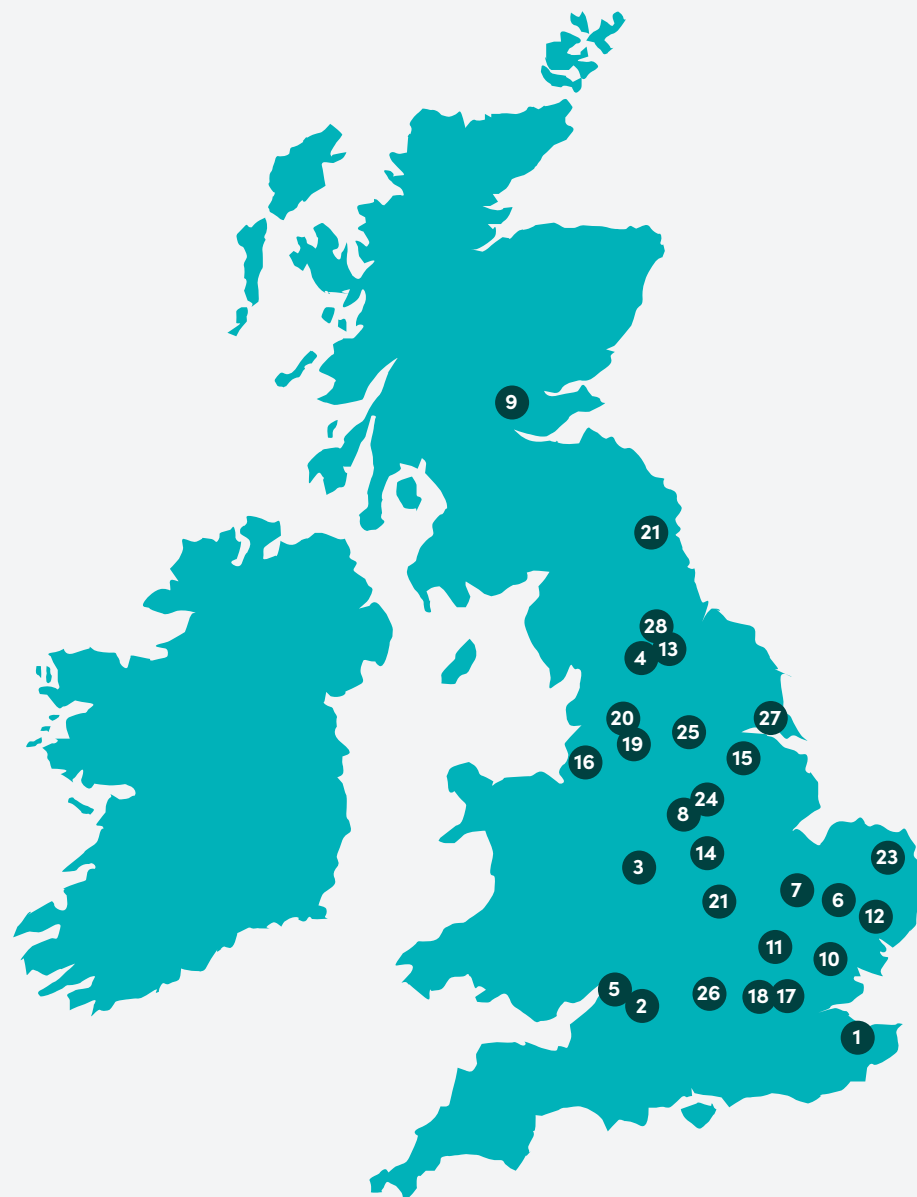

Over 40 years on, it remains true to this ethos, keeping a Local Focus but with a National Opportunity through a network of 27 branches across the UK and the Cote d’Azur Branch in Cannes.

With a membership of over 400, representing all parts of the industry, membership of Interact remains much valued and sought after.
